New York City:

My Dear Sir:

I have been commissioned to offer for sale a collection of 1472 ancient coins, dating back as far as 268 B.C. They are Roman, Grecian and Alexandrine, and are now owned in Mexico City. I will send a list of them if desired.

Any information which you may be able to afford in this matter will be highly appreciated.

Thanking you for a reply, I am,

Sincerely yours,

G. F. Weeks

Dear Sir:-

Your letter of November 9th to the Curator, Metropolitan Museum of Art, has been referred to us.

We are interested in the purchase of all ancient coins but could only open negotiations after seeing the coins in question. A mere list will hardly suffice.

Very truly yours,

Curator.
